

Hi! Thank you for visiting [1+1+1=1](http://www.1plus1plus1equals1.com) and finding a resource you'd like to use! Please feel free to use these files for your own personal use. I provide them free of charge to bless others!

If you want to share, you may share these forms with others by sharing a link to my blog or to the page that hosts these files. Please do not link directly to just the PDF files (the link you are at now).

It is my prayer that others are blessed through my blog and any files I share!!!

~If you ever notice a typo, please let me know, a few slip by me now and then and I certainly want to fix them!

God Bless,

*Carisa*

Cut out the dice template below, fold on the dotted lines and tape/glue together to make dice. Have your child roll the dice and then fill in a square of the graphic that was rolled until one of the colors reaches 10!

Use a spinner as an alternate to the cube if desired. I print mine on cardstock and laminate. Use a metal brad to poke a hole {you may need a scissors or knife to break through at first if laminated}. You can try to use the arrow, possibly with a bead/washer to help it spin. I prefer to rig up a paperclip hooked to a metal brad as the actual spinner. You just have to play around with it to see what will work for you!

Place whole sheet in a sheet protector, and use dry erase to circle the answer, or cut apart into mini cards and clip the correct answer!

# Word Matching

Cut out and match, or simply draw lines to match the correct words.
